

Voluntary Vision Plans

CEC believes that simpler is better. That's why our vision plans are designed to be easy for Benefits Managers to administer and easy for employees to use.

A standard CEC plan includes the following benefits every year:

- ✔ A routine eye exam
- ✔ An allowance for eyewear
- ✔ A contact lens fitting, re-fit, or evaluation

CEC members enjoy the following plan features:

Flexibility

The member's eyewear allowance is completely flexible. They can get frames, lenses, contact lenses and/or special lens options. *They can even purchase non-prescription eyewear!*

Eyewear Discounts

Members who exceed their allowance are eligible for discounts on the overage when seeing a network provider – 20% for glasses and 10% for contact lenses.

Out-of-Network

Members who obtain exams and eyewear from an out-of-network provider still receive their full covered benefit.
